

European Society of Uro-technologies (ESUT) 4K Laparoscopic Urology Course in Conjunction with Turkish Urology Society

**04 - 05 October 2019 / Edirne
Trakya University Congress Center**

European Society of Uro-technologies (ESUT) 4K Laparoscopic Urology Course in Conjunction with Turkish Urology Society

Course content

- Lectures
- Live surgeries with the attendance of the trainees
- Basic laparoscopy Hands-on training in training boxes according to the European Basic Laparoscopic Urological Skills (E-BLUS) program

Faculty

Irfan Hüseyin Atakan

Tevfik Aktoz

Hakan Akdere

Dimitris Staios

Marin Georgiev

Lutfi Tunc

Ali Serdar Gözen

Selcuk Güven

Course Program

1st day (04.10.2019) Lectures, live operations, hands-on laparoscopy training

2nd day (05.10.2019) Discussion of the recorded live operation videos and HOT

European Society of Uro-technologies (ESUT) 4K Laparoscopic Urology Course in Conjunction with Turkish Urology Society

04.10.2019 Friday

08:30 - 09:00 Welcome speeches

Muzaffer Demir (Dean of the medical Faculty)

Irfan Hüseyin Atakan (Head of the Trakya Univ. Urology Dept.)

Dimitris Staios (Hellenic Urology Assoc. Representative)

Marin Georgiev (Bulgarian Assoc. of Urology representative)

A. Serdar Gözen (ESUT representative)

09:00 - 10:30 Lectures

09.00 - 09.15	4K Technology in minimal invasive surgery and the optimum application fields in urology	A. Gözen
09.15 - 09.30	4K laparoscopic radical Nephrectomy, the advantages of big screen surgery	L. Tunc
09.30 - 09.45	New imaging systems in the field of Endo-Urology	S. Güven
09.45 - 10.00	4K Laparoscopic radical Prostatectomy, our experience	D. Staios
10.00 - 10.15	The effect of 4K Imaging Technology in our laparoscopy experience	
10.15 - 10.30	Is laparoscopy still a reality in the era of robotic surgery	A. Gözen

10:30 - 11:00 Coffee Break

11:00 - 13:00 Live laparoscopic 4K Operations

4K Laparoscopic radical Nephrectomy

L. Tunc

4K Laparoscopic Varicocelelectomy

T. Aktöz

13:00 - 14:00 Lunch

14:00 - 16:00 Live laparoscopic 4K Operations

4K Laparoscopic partial Nephrectomy

A. Gözen

4K Laparoscopic renal cyst excision

H. Akdere

16:00 - 17:30 Hands-on training in training boxes (1 to 1 training)

Basic laparoscopic training exercises according the EAU, European-Basic

Laparoscopic Urological Skills (E-BLUS) program with HD and 4K imaging systems.

European Society of Uro-technologies (ESUT) 4K Laparoscopic Urology Course in Conjunction with Turkish Urology Society

05.10.2019 Saturday

08:30 - 09:00 collegial breakfast with the faculty.

09:00 - 10:30 Discussion of the recorded yesterday live operation videos

L. Tunc, H. Akdere, A. S. Gözen

09:30 - 12:30 Hands-on training in training boxes (1 to 1 training)

Basic laparoscopic training exercises according the EAU, European-Basic Laparoscopic Urological Skills (E-BLUS) program with HD and 4K imaging systems.

12:30 - 13:30 Lunch

13:30 - 14:30 EBLUS practical exam

Live surgeries:

*With the attendance of the trainees in operation theatre; 2 trainees for each operation theatre)

*Live transmission in the conference hall.
